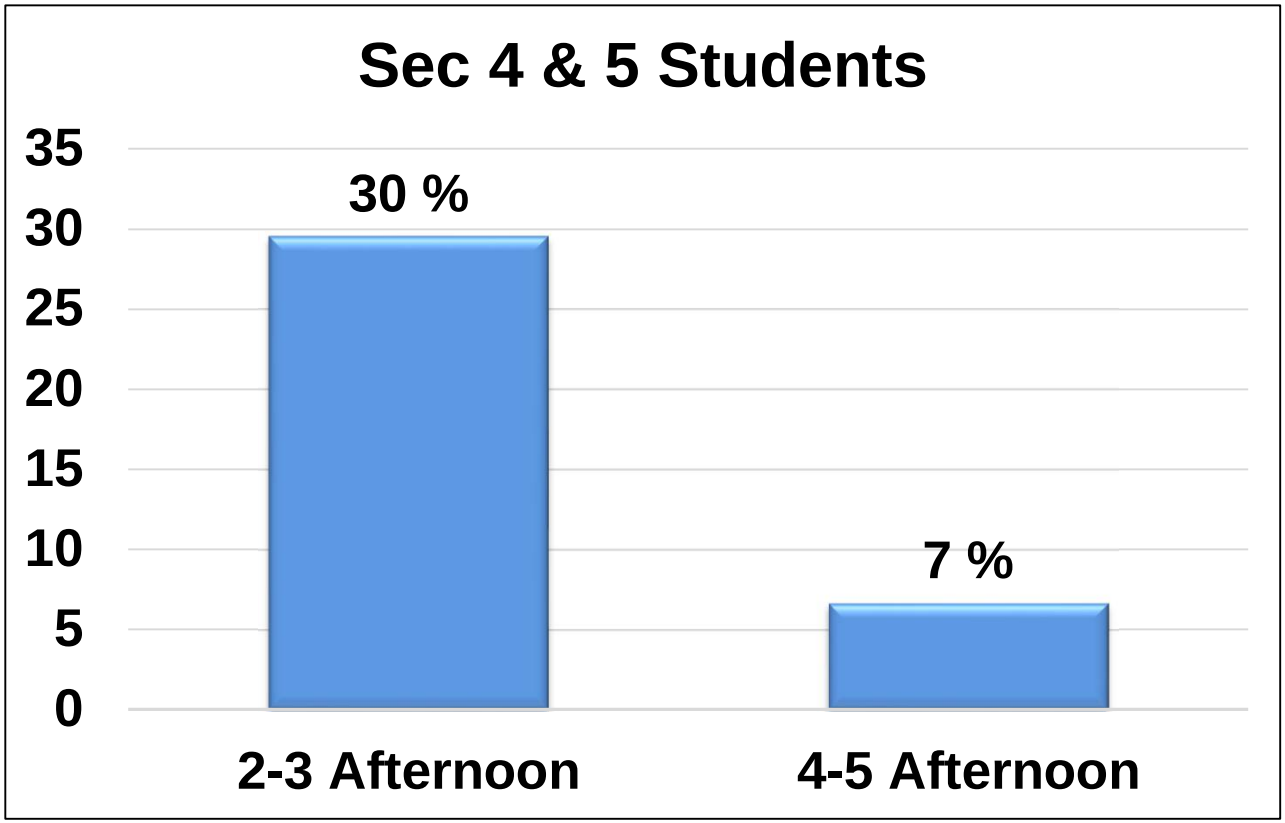
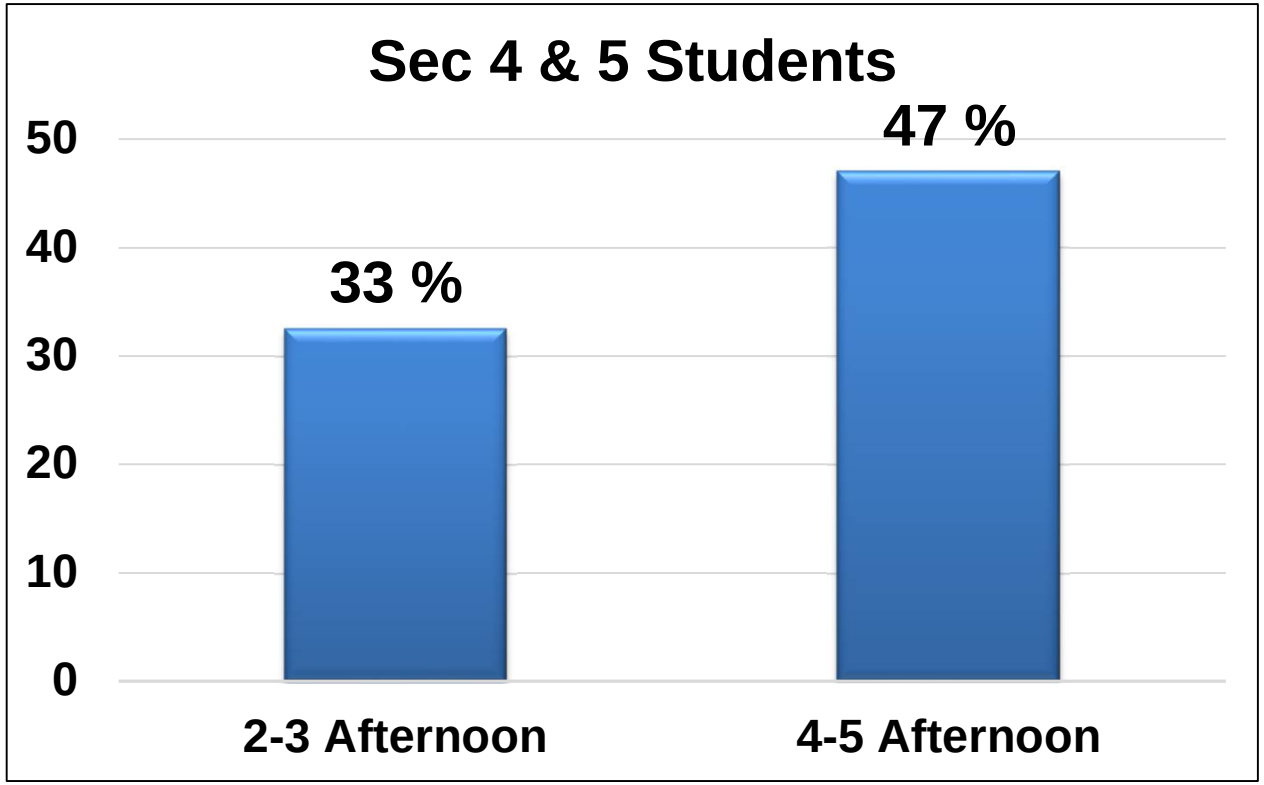
(No of afternoons per week, after school)



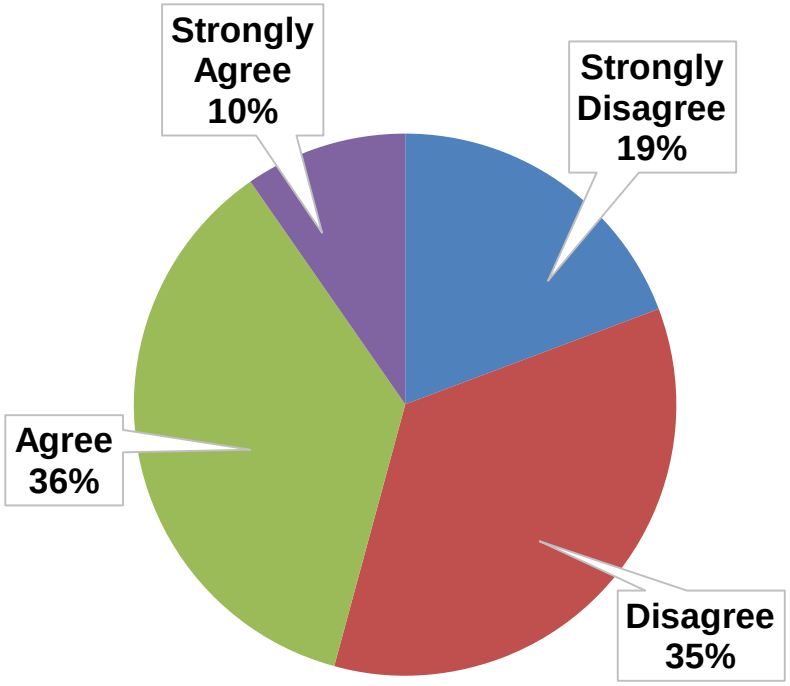
Term 1 Students' Needs Survey Findings:

At home playing computer games or mobile phone games, social media (FB, Instagram, etc)



Term 1 Students' Needs Survey Findings:

I am happy with my 2025 (Last year's) results.



Sec 4 & 5

What can I do next? (National exams)

At school:

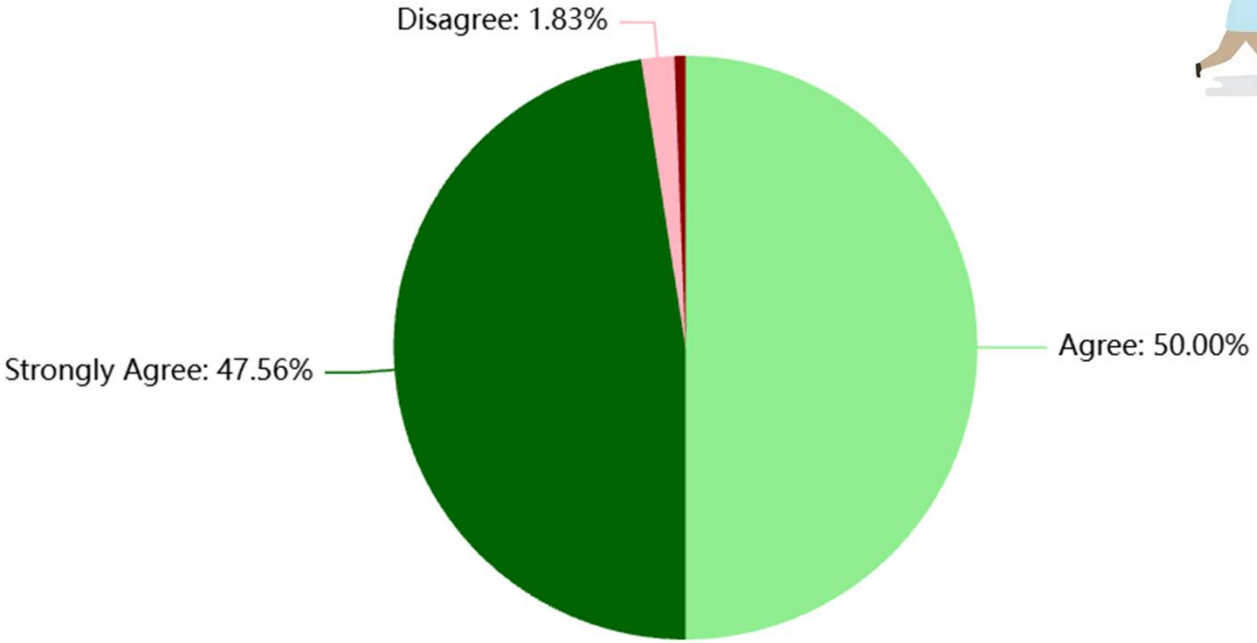
- **Seek help regarding any doubts.**
- **Be focused in studies from now on.**

At home:

- **Have a study routine**
- **Minimise usage of devices for online gaming / social media**

Term 1 Check In Findings:

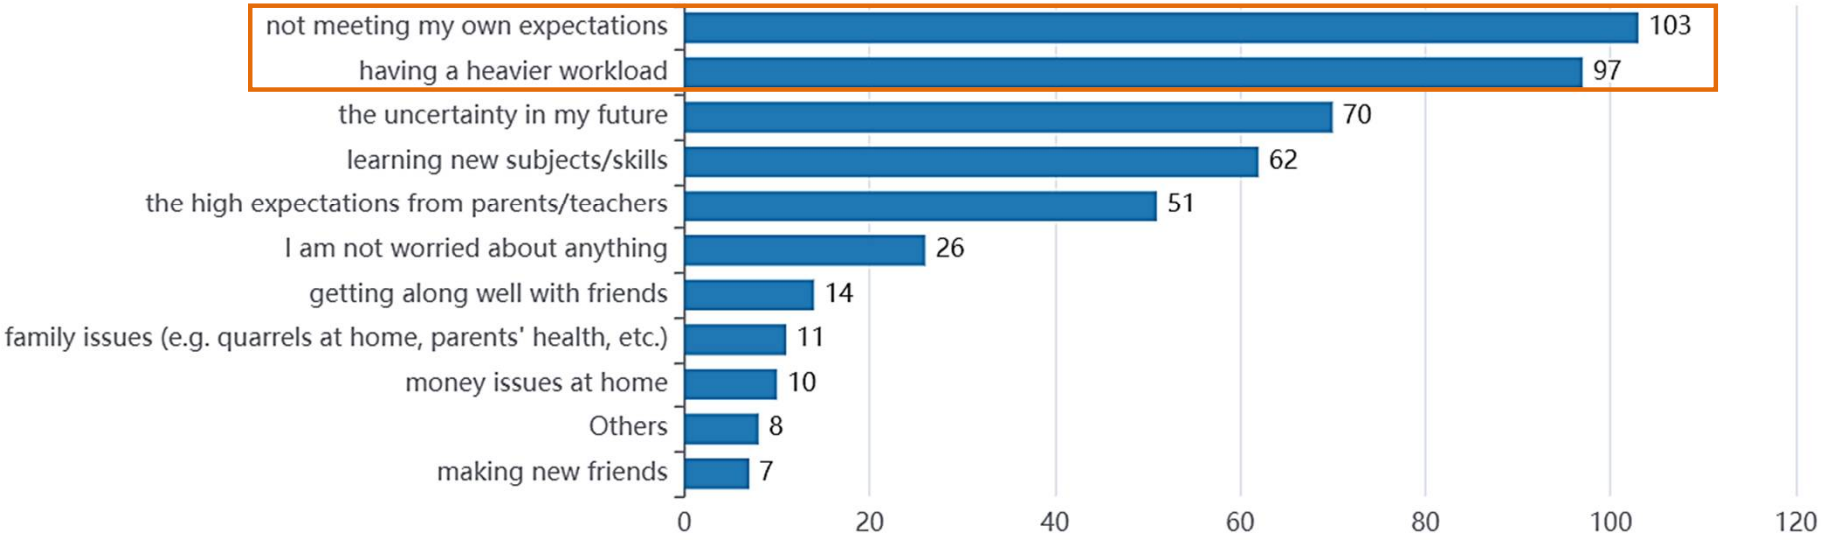
My family shares a caring relationship.



Family support is an important factor during this crucial milestone (Graduating year)

Term 1 Check In Findings:

Q7) What are some things you are worried about as you start the new year? [You may choose more than 1 option.]



Advise for students:

Having heavier workload is normal during final year.

Have a proper routine, and learn to manage time wisely (Eg: Reduce screentime)

Early Admission Exercise

The **Early Admissions Exercise (EAE)** is an admissions program that allows students to apply for conditional offers to ITE and polytechnic courses before receiving their final examination results.

- It is designed for both N-Level and O-Level students.
- The EAE focuses on students' passions and strengths, enabling them to apply for their desired courses.
- Students can receive conditional offers based on their aptitude, which helps streamline the admission process.
- Preparing a standout portfolio and interview skills can enhance chances of success in the EAE.

EAE Outcomes (2025)

- EAE to ITE: 54.9%
- EAE to Poly: 44.0%

- Be physically there for them

Advice for Students

1. Begin with the end in mind (set your goals)
2. Be PRESENT for all classes, remedial and extra lessons
3. Ask questions and seek help when in doubt
4. Begin NOW
5. Use your holidays to consolidate and revise
6. Finish all coursework by June to free up time for other subjects
7. Work hard and excel in the Mid-Year GCE O-Level MTL papers first (if any).

Thank You
